Hello Lorraine:

It is my understanding that you are the Commission lead on rulemaking and overseeing how proceedings move forward within the Commission. Can you please make sure the Title-20 rulemaking is done in conjunction and at the same time as adoption of the new program into Title-24.

I feel it is best to simultaneously address the fate of Title-20 in conjunction with the introduction of a replacement Title 24 program to insure transparency and a smooth transition.

Thank you for your consideration.
