To Whom It May Concern,

The California Energy Commission must not revoke the HERS Program for Field Verification and Diagnostic Testing without first safeguarding the HERS Program for future code cycles. The Commission's attempt to revoke an entire industry without first identifying what new rules will be adopted in its place is reckless. The proposed rules under 23-HERS-01 must not be adopted.

Respectfully,

**Bing Guerin PMP, LEED AP +, HERS Rater**
