Dear Lorraine White,

I am writing to express my concerns about the proposal to remove HERS regulations from Title 20 without simultaneously incorporating the program into the Title 24 standards. This proposed rulemaking impacts the livelihoods of HERS Raters like myself and affects the critical role we play in enforcing the energy code.

I urge you and the Commission to prioritize the continuity of the HERS program by ensuring its reinstatement into Title 24 from Title 20 without any gaps in coverage.

Sincerely,

Francis S. Villapando
