# MISSION:

- META is a cooperative of community workers, who provide quality services, developing the leadership of each client through our workshops and children Activities.
- We provide outreach services to inform and mobilize the community, being a bridge of Connection for change and prosper.
- We run our business with respect, honesty and with a focus on improving the quality of life for our families.

# East San Jose

- The community in East San Jose is largely Latinx and Vietnamese. The majority of East San Jose residents are working class families and students.
- The communities residing in East San Jose have powerful local leaders working side-by-side with the community to address social inequities.

# Current Reality of mobility, transportation and energy

- Traffic jams delays people and the transportation of good, increase and pollute the air.
- The pandemic has impacted the urban mobility, multiple families sharing one home, more people more cars.
- Cities with bad road conditions and transport infrastructures.

# Future vision of a zero-emission mobility

- Urban mobility must be accessible to the entire population, affordable to all budgets
  - More accessible resources and information for low income families, technical support (ex. How to navigate the system)
- Educacion around the community level, work with people that is already engage in the community
