DOCKET NO. 22-RENEW-01

NOTICE OF REMOTE-ACCESS WORKSHOP

RE: Demand Side Grid Support Program

**Notice of Staff Workshop on the
Demand Side Grid Support Program
April 10, 2023**

10:00 a.m. – 12:00 p.m.

Remote Access Only. See Attendance Instructions.

The California Energy Commission (CEC) will host a workshop to discuss the Demand Side Grid Support (DSGS) program's draft revised guidelines.

A quorum of commissioners may participate, but no votes will be taken. The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

Agenda

Staff will present an overview of the changes proposed to the DSGS Program Guidelines, First Edition, adopted August 10, 2022. The guidelines establish the rules of the program, including eligibility requirements, participation process, and incentive structure. The draft revised guidelines will be posted on the CEC website before the workshop.

There will be a period for public comment at the end of the workshop.

A detailed schedule will be posted prior to the workshop at [Docket No. 22-RENEW-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-RENEW-01), at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-RENEW-01>.

Background

Assembly Bill 205 (Ting, Chapter 61, Statutes of 2022) created the DSGS program as part of the Strategic Reliability Reserve. The DSGS program compensates eligible and enrolled participants for upfront capacity commitments and per-unit reductions in net energy load during extreme events achieved through reduced usage, use of backup generation, or both. On August 10, 2022, the CEC

adopted guidelines to implement the DSGS program. On January 27, 2023, CEC program staff conducted a workshop on lessons learned from the program launch and collected public comment. CEC staff has reviewed the comments and will be posting draft revised program guidelines for additional public feedback before the workshop. After further public comments are received, staff will be reviewing and revising as appropriate in anticipation of possible adoption of revised program guidelines by the CEC at a future business meeting.
