# Roseville Electric/Roseville Energy Park City of Roseville Employee Safety & Environmental Awareness Orientation and Waiver

I,	Nicle	Reduces	, representing the	285	division of the City of
Ro	seville,	in consideration	on of being permitted by	Roseville Electric	to enter the premises of the
Ro	seville	Energy Park ar	nd Roseville Power Plant	2 (Generation Fac	cilities) agree as follows:

- I agree to comply with all applicable rules. I will listen carefully to all information and
  instructions provided by plant personnel and I will promptly comply with all instructions
  of plant personnel. I will not engage in any activity inconsistent with the purpose of my
  visit.
- I will not use tobacco products, except in designated areas while in the Generation Facilities, and I will not bring or possess any weapons of any kind inside the facility.
- I will not take photographs or make drawings or representations of the Generation
  Facilities, or anything located inside the facilities or on its premises, without the express
  written permission of Generation Facilities Management.
- 4. I will not remove or disturb in any way, any documents or property of any kind belonging to the Generation Facilities or any other party, unless explicitly authorized in writing by Generation Facilities Management to do so. I will assume, unless otherwise instructed by an authorized Generation Facilities representative, that any information, whether written or observed, that I obtain while visiting the Generation Facilities is to be treated as confidential and proprietary in nature, and I will not disclose such information to any other person.
- 5. I will not touch or operate any equipment within the Generation Facilities without the express permission of the Generation Facilities personnel.
- 6. I understand that there are health and safety risks associated with visiting any power plant, and that serious accidents may occur at such locations. I understand that the Generation Facilities may use hazardous materials, and recognize that there are health and safety risks associated with such materials.
- 7. I acknowledge that I have been provided specific information in the form of a video presentation and/or written materials regarding safety hazards at this site and I have been given an opportunity to ask the Generation Facilities staff questions to ensure that I understand such information.
- I further understand that chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm are present at the Generation Facilities.
- 9. If I am performing duties as an employee of the City of Roseville while at the Generation Facilities, I understand that my regular, City-provided benefits, rights and protections remain in effect in the event that I am injured or in the event of my death.

10. If any part of this waiver is found to be unenforceable or invalid, that portion shall be severed, and the remainder will remain in full effect.

I HAVE CAREFULLY READ AND FULLY UNDERSTAND THE WORDS AND LANGUAGE IN THIS DOCUMENT. I HAVE BEEN FULLY ADVISED OF THE POTENTIAL DANGERS THAT I MAY ENCOUNTER WHEN I VISIT THE ROSEVILLE ENERGY PARK AND AGREE TO VOLUNTARY ASSUME ALL RISK.

#### Roseville Electric Visitor Release Agreement Roseville Energy Park

l,	Jac	Padilla	, representing	EvapTeol	(company or organization), in
					premises of the Roseville Energy
Pa	rk agree as	follows:			

- I agree to comply with all applicable rules. I will listen carefully to all information and
  instructions provided by plant personnel and I will promptly comply with all instructions
  of plant personnel. I will not engage in any activity inconsistent with the purpose of my
  visit.
- I will not use tobacco products except in designated areas while in the Roseville Energy Park, and I will not bring or possess any weapons of any kind inside the facility or the surrounding area.
- I will not take photographs or make drawings or representations of the Roseville Energy Park or anything located inside the Roseville Energy Park or on its premises.
- 4. I will not remove from the Roseville Energy Park any documents or property of any kind belonging to the Roseville Energy Park or any other party, unless explicitly authorized in writing by the City of Roseville to do so. I will assume unless otherwise instructed by an authorized Roseville Energy Park representative that any information, whether written or observed, that I obtain while visiting the Roseville Energy Park is confidential and proprietary in nature, and I will not disclose such information to any other person.
- I will not touch or operate any equipment within the Roseville Energy Park without the express permission of the plant personnel.
- 6. I understand that there is health and safety risks associated with visiting any power plant, including the Roseville Energy Park, and that serious accidents may occur at such locations. I understand that the Roseville Energy Park may use hazardous materials, and recognize that there are health and safety risks associated with such materials.
- 7. I acknowledge that I have been provided specific information in the form of a video presentation and/or written materials regarding safety hazards at this site and I have been given an opportunity to ask the Roseville Energy Park staff questions to ensure that I understand such information.
  - I further understand that chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm are present at the Roseville Energy Park.
  - 9. In consideration of being allowed to visit the Roseville Energy Park, I hereby voluntarily assume full responsibility for any and all risk of personal injury or death or property damage that may be suffered by me or my child during this visit to the Roseville Energy Park, including injury, death or damage caused or alleged to arise from the negligence of the City of Roseville. I voluntarily, on behalf of myself, my heirs, assigns and personal representative, release, indemnify and hold harmless the City of Roseville, including its

officers, employees, agents, representatives, consultants, and independent contractors, from any and all liability, and waive the right to bring any claim or legal action whatsoever arising from my or my child's visit to the Roseville Energy Park, except with respect to personal injury or damages resulting from the City of Roseville's gross negligence or willful misconduct.

 If any part of this release agreement is found to be unenforceable or invalid, that portion shall be severed, and the remainder will remain in full effect.

I HAVE CAREFULLY READ AND FULLY UNDERSTAND THE WORDS AND LANGUAGE IN THIS AGREEMENT. I HAVE BEEN ADVISED OF THE POTENTIAL DANGERS THAT I MAY ENCOUNTER WHEN I VISIT THE ROSEVILLE ENERGY PARK. I AM AWARE THAT THIS IS A RELEASE OF LIABILITY, ASSUMPTION OF RISK AND A COVENANT BETWEEN MYSELF AND THE CITY OF ROSEVILLE, AND I SIGN IT OF MY OWN FREE WILL.

### Roseville Electric/Roseville Energy Park City of Roseville Employee Safety & Environmental Awareness Orientation and Waiver

I, IS GOC Almaral representing the REP division of the City of Roseville, in consideration of being permitted by Roseville Electric to enter the premises of the Roseville Energy Park and Roseville Power Plant 2 (Generation Facilities) agree as follows:

- I agree to comply with all applicable rules. I will listen carefully to all information and
  instructions provided by plant personnel and I will promptly comply with all instructions
  of plant personnel. I will not engage in any activity inconsistent with the purpose of my
  visit.
- I will not use tobacco products, except in designated areas while in the Generation Facilities, and I will not bring or possess any weapons of any kind inside the facility.
- I will not take photographs or make drawings or representations of the Generation
  Facilities, or anything located inside the facilities or on its premises, without the express
  written permission of Generation Facilities Management.
- 4. I will not remove or disturb in any way, any documents or property of any kind belonging to the Generation Facilities or any other party, unless explicitly authorized in writing by Generation Facilities Management to do so. I will assume, unless otherwise instructed by an authorized Generation Facilities representative, that any information, whether written or observed, that I obtain while visiting the Generation Facilities is to be treated as confidential and proprietary in nature, and I will not disclose such information to any other person.
- I will not touch or operate any equipment within the Generation Facilities without the express permission of the Generation Facilities personnel.
- 6. I understand that there are health and safety risks associated with visiting any power plant, and that serious accidents may occur at such locations. I understand that the Generation Facilities may use hazardous materials, and recognize that there are health and safety risks associated with such materials.
- 7. I acknowledge that I have been provided specific information in the form of a video presentation and/or written materials regarding safety hazards at this site and I have been given an opportunity to ask the Generation Facilities staff questions to ensure that I understand such information.
- I further understand that chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm are present at the Generation Facilities.
- If I am performing duties as an employee of the City of Roseville while at the Generation Facilities, I understand that my regular, City-provided benefits, rights and protections remain in effect in the event that I am injured or in the event of my death.

 If any part of this waiver is found to be unenforceable or invalid, that portion shall be severed, and the remainder will remain in full effect.

### Roseville Electric/Roseville Energy Park City of Roseville Employee Safety & Environmental Awareness Orientation and Waiver

I, Roseville, in consideration of being permitted by Roseville Electric to enter the premises of the Roseville Energy Park and Roseville Power Plant 2 (Generation Facilities) agree as follows:

- I agree to comply with all applicable rules. I will listen carefully to all information and
  instructions provided by plant personnel and I will promptly comply with all instructions
  of plant personnel. I will not engage in any activity inconsistent with the purpose of my
  visit.
- I will not use tobacco products, except in designated areas while in the Generation Facilities, and I will not bring or possess any weapons of any kind inside the facility.
- I will not take photographs or make drawings or representations of the Generation
  Facilities, or anything located inside the facilities or on its premises, without the express
  written permission of Generation Facilities Management.
- 4. I will not remove or disturb in any way, any documents or property of any kind belonging to the Generation Facilities or any other party, unless explicitly authorized in writing by Generation Facilities Management to do so. I will assume, unless otherwise instructed by an authorized Generation Facilities representative, that any information, whether written or observed, that I obtain while visiting the Generation Facilities is to be treated as confidential and proprietary in nature, and I will not disclose such information to any other person.
- I will not touch or operate any equipment within the Generation Facilities without the express permission of the Generation Facilities personnel.
- 6. I understand that there are health and safety risks associated with visiting any power plant, and that serious accidents may occur at such locations. I understand that the Generation Facilities may use hazardous materials, and recognize that there are health and safety risks associated with such materials.
- 7. I acknowledge that I have been provided specific information in the form of a video presentation and/or written materials regarding safety hazards at this site and I have been given an opportunity to ask the Generation Facilities staff questions to ensure that I understand such information.
  - I further understand that chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm are present at the Generation Facilities.
  - If I am performing duties as an employee of the City of Roseville while at the Generation
    Facilities, I understand that my regular, City-provided benefits, rights and protections
    remain in effect in the event that I am injured or in the event of my death.

# Roseville Electric/Roseville Energy Park City of Roseville Employee Safety & Environmental Awareness Orientation and Waiver

I, Tuan	locales	, representing the	Experts	eat	division of the City of
					the premises of the
Roseville Energ	gy Park and Ro	seville Power Plant	2 (Generation	Facilities) a	gree as follows:

- I agree to comply with all applicable rules. I will listen carefully to all information and
  instructions provided by plant personnel and I will promptly comply with all instructions
  of plant personnel. I will not engage in any activity inconsistent with the purpose of my
  visit.
- 2. I will not use tobacco products, except in designated areas while in the Generation Facilities, and I will not bring or possess any weapons of any kind inside the facility.
- I will not take photographs or make drawings or representations of the Generation
  Facilities, or anything located inside the facilities or on its premises, without the express
  written permission of Generation Facilities Management.
- 4. I will not remove or disturb in any way, any documents or property of any kind belonging to the Generation Facilities or any other party, unless explicitly authorized in writing by Generation Facilities Management to do so. I will assume, unless otherwise instructed by an authorized Generation Facilities representative, that any information, whether written or observed, that I obtain while visiting the Generation Facilities is to be treated as confidential and proprietary in nature, and I will not disclose such information to any other person.
- I will not touch or operate any equipment within the Generation Facilities without the express permission of the Generation Facilities personnel.
- 6. I understand that there are health and safety risks associated with visiting any power plant, and that serious accidents may occur at such locations. I understand that the Generation Facilities may use hazardous materials, and recognize that there are health and safety risks associated with such materials.
- 7. I acknowledge that I have been provided specific information in the form of a video presentation and/or written materials regarding safety hazards at this site and I have been given an opportunity to ask the Generation Facilities staff questions to ensure that I understand such information.
- I further understand that chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm are present at the Generation Facilities.
- 9. If I am performing duties as an employee of the City of Roseville while at the Generation Facilities, I understand that my regular, City-provided benefits, rights and protections remain in effect in the event that I am injured or in the event of my death.

10. If any part of this waiver is found to be unenforceable or invalid, that portion shall be severed, and the remainder will remain in full effect.

I HAVE CAREFULLY READ AND FULLY UNDERSTAND THE WORDS AND LANGUAGE IN THIS DOCUMENT. I HAVE BEEN FULLY ADVISED OF THE POTENTIAL DANGERS THAT I MAY ENCOUNTER WHEN I VISIT THE ROSEVILLE ENERGY PARK AND AGREE TO VOLUNTARY ASSUME ALL RISK.

Garcia, Rony	Worker Environmental Awareness Program (WEAP) - REP - 2022	5/9/2022

**CRR-02:** If a cultural resource is found during installation of the project, the project operator shall provide the following documentation to the CPM:

- A description of the cultural resource, the circumstances surrounding its discovery, actions taken to protect the resource, and the disposition of any artifacts or features that came into the project operator's possession
- A confidential map of the discovery location on an aerial photograph or project plans
- Photographs of the cultural resource and constituent artifacts or features

If human remains are found during installation of the project, the project operator shall document the discovery as described in the bulleted list above and demonstrate compliance with California Health and Safety Code, Section 7050.5(b). Demonstration of compliance may include:

- Telephone conversation logs
- Copies of email exchanges
- Minutes from field meetings

<u>Verification:</u> The project operator shall provide the documentation described in the previous paragraphs with the reports required under CRR-1, in a confidential appendix. The project operator shall keep this documentation on file for at least 6 months following the start of commercial operation.

No cultural resources or human remains were found during project installation, or since project installation.

**CRR-03:** The Environmental Coordinator (EC) shall be retained by the project operator. The EC will have the authority to review and approve the following materials and assume the following duties:

- Per CCR-4, design the Worker Environmental Awareness Program;
- Issue stop-work orders as per CCR-4;
- Report to the CPM, CDFW or USFWS any take of special status plants, wildlife, or habitat (per CCR-6);
- The EC shall have the following qualifications: at minimum, will hold a bachelor's degree in in Environmental Science, Environmental Planning, Urban Planning, or a related field, as well as a minimum of 3 years of applicable, relevant experience; and
- The EC shall be available to the CPM or their CEC staff-designee, for consult and updates upon request.

No changes in Q1 2023.

**CRR-04:** Implementation of a Workers Environmental Awareness Program (WEAP).

**Verification:** The project operator shall provide a quarterly compliance report to the CPM a record of the number of persons who have completed the training in the prior months and a running total of all persons who have completed the training to date. The signed training acknowledgement forms from construction shall be kept on file by the project operator for a period of at least 6 months after the start of commercial operation. During project operation, signed statements for active project operational personnel shall be kept on file for 6 months following the termination of an individual's employment.

.Reference CRR-01 for evidence.

**CRR-05:** The project operator shall undertake the following:

- Provide representative schematics, diagrams, or shapefiles of the final package unit configuration and linear connections;
- The project operator shall design, install, and maintain project-related features such as access roads and storage and parking areas to avoid identified sensitive resources;
- Stake or fence the limits of the work zone and access roads, and prohibit any offsite use or impacts;
- Eliminate from landscaping or revegetation plans any List A California exotic pest plants of concern as defined by the California Exotic Pest Plant Council;
- Prescribe a road sealant that is non-toxic to wildlife and plants; and
- Design, install, and maintain any additional necessary facility lighting to prevent side casting of light toward native habitat.

<u>Verification:</u> The project operator is to report the proof of the implementation of the measures above on the quarterly compliance reports. This condition and reporting requirement was satisfied during the construction phase and all requirement documentation was submitted to the CPM prior to Roseville assuming operator status on August 29, 2022.

**CRR-06:** The project operator shall implement the following measures to manage its construction site (and related facilities) in a manner to avoid or minimize impacts to local biological and cultural resources:

- Install temporary fencing and provide wildlife escape ramps for construction areas that contain steep-walled holes or trenches if outside an approved, permanent exclusionary fence. The temporary fence shall be hardware cloth or similar material that is approved by the CPM, and CDFW;
- ensure that all food-related trash is disposed of in closed containers and removed at least once a week;
- prohibit feeding of wildlife by staff and subcontractors;
- prohibit non-security-related firearms or weapons on site;
- prohibit pets on site;
- report all inadvertent deaths of sensitive species to the Environmental Coordinator, who will, within 24 hours, notify the CPM, CDFW or United States Fish and Wildlife Service, as appropriate; and
- minimize use of rodenticides and herbicides in the project area.

<u>Verification</u>: Implementation of the measures shall be reported in the quarterly compliance reports by the Environmental Coordinator. Within 30 days after completion of project deployment, the project operator shall provide to the CPM, for review and approval, a written construction termination report identifying how environmental resource measures have been completed. This report may or may not be coincidental with the quarterly monitoring report.

The written construction termination report was submitted and accepted by the CEC on September 29<sup>th</sup>, 2022. Facility is operational and construction has been completed.

**CRR-07:** The project has been issued a waiver of the requirements of a construction stormwater pollution prevention plan (SWPPP) by the State Water Resources Control Board based on the low rain erosivity of the site. However, the project operator shall implement stormwater best management practices (BMPs) to ensure that no contaminated water is discharged off-site. Examples of contaminated water include dust suppression water, equipment wash water, and contact stormwater or sediment laden stormwater in the unlikely event that significant rain falls on the project site during construction.

Copy of SWPPP previously submitted on Q3 2022 CEC QAQR report.

**CRR-08:** Prior to operation of the temporary power generators, the project operator shall notify the residences within 2500 feet from the project site, by mail or by other effective means, of the commencement of project operation. The notification shall include a telephone number for use by the public to report any undesirable noise conditions during the operation of the project. Within five business days, project personnel shall notify the CPM that the above notification has been sent.

If the project receives a noise complaint, project personnel shall document and investigate the complaint to determine the source of the noise. If the investigation determines that the noise is project related, project personnel shall attempt to resolve the complaint to the satisfaction of the complainant.

The project operator shall use the attached Noise Complaint Resolution Form or a functionally equivalent procedure, to document and respond to the noise complaint. The completed form shall be submitted to the CPM within three business days following its completion.

If project personnel and complainant cannot reach consensus, project Personnel shall notify the CPM.

No complaints in Q1 2023.

<u>CRR-09</u>: After construction is complete, the project operator shall submit Semi-Annual Compliance Reports; the project may be required to submit additional compliance reports as mandated by the technical areas. The reports are due to the CPM at a date agreed to by the CPM. Each Semiannual Compliance Report shall identify the reporting period and shall contain the following:

- An updated compliance matrix, in a spreadsheet format. The compliance matrix must identify the following:
  - the technical area and number of the conditions and reporting requirements;
  - o a brief description of the submittal required;
  - o the date when the submittal is required and the expected or actual submittal date; and
  - o the compliance status of each condition and reporting requirement.
- A summary of the current project operating status and an explanation of any significant changes to facility operations;
- Documents required by specific conditions and reporting requirements to be submitted along with the Semi-Annual Compliance Report as attachments; and
- A listing of filings made to, or permits issued by, other governmental agencies during the year.

Submitted in Semi-Annual Report every January and July.

**CRR-10:** The project operator shall report and provide copies of all incidents, complaints, notices of violation, notices of fines, official warnings, and citations, within seven days of receipt or occurrence, to the CPM. Complaints shall be logged and numbered.

No incidents, complaints, notices of violation, notices of fines, officials warnings, and citations in Q1 2023.

<u>CRR-11:</u> At the end of the life of the permit, to ensure that a planned facility closure does not create adverse environmental, health, and safety impacts, the project operator shall submit a facility closure plan to the CEC for review and approval at least 6 months (or other time period agreed to by the CPM) prior to commencement of closure activities.

Facility is currently operational.

<u>CRR-12:</u> The project operator shall comply with the terms and conditions of the Authority to Construct (ATC) and the Permit to Operate (PTO) issued by the Placer County Air Pollution Control District (PCAPCD).

In the event that the air district finds the project to be out of compliance with the terms and conditions of the ATC/PTO, the project operator shall notify the CPM of the violation, and the measures taken to return to compliance, within five days.

No violations for Q1 2023.

CRR-13: The project operator shall provide an emissions reporting protocol to the CPM for review and approval. The emissions reporting protocol shall explain the procedures for estimating criteria pollutant emissions during emergency operation and reliability testing. The protocol shall list the calculation methodologies, operational parameters used to quantify emissions (e.g., fuel flow, gross calorific value of fuel, predetermined emission factors, water injection, megawatts, etc.), and any assumptions made in the estimate. The protocol shall be submitted at the end of each operating quarter for approval. Upon approval of the protocol, the operational emissions shall be reported using and presenting the same calculation methodologies, operational parameters and assumptions used to quantify emissions. Emissions shall be reported to the CPM quarterly. In addition to emissions reporting, the reported data shall include fuel use, hours of operation and times of operation, and energy produced by that use and operation.

#### CEC-1304 SCHEDULE 2 Part A: Generation and Fuel Use by Generator

One Schedule 2-A for each generator (unit) in plant.

CEC-1304 (Revised 06/2019)

Reporting Period	Year:	2023
	Quarter:	1
CEC	Plant ID:	G0213
EIA	Plant ID:	56298
Generator (	(Unit) ID:	CT5 & CT6
Qualifying Fa	acility ID:	0

				Primary En	nergy Source :			Secondary I	Energy Source:	
Month	Gross MWh	Net MWh	Fuel Use in MCF, bbl, or ton	Fuel Use in MMBtu	Fuel Supplied by Tolling Agreement (Percent) (1)	Fuel Cost (1)	Fuel Use in MCF, bbl, or ton	Fuel Use in MMBtu	Fuel Supplied by Tolling Agreement (Percent) (1)	Fuel Cost (1)
January	57	56	536	5,638	0	187,746				
February	0	0	0	0	0	0				
March	486	430	3,525	36,805	0	276,841				
April

August										
September										
October										
November										
December										
Annual Total (2)	543	486	4,061	42,443	0	464,587	0	0	0	0
Notes:	Gross MWh in	cludes plant p	arasitic load. N	let MWh does	not include para	asitic load.				

(1) Fuel Cost and Fuel Supplied by Tolling Agreement is required for plants of 50 MW or more. Fuel Cost is for any portion of fuel not supplied through a tolling agreement. Fuel Cost will be kept confidential.

(2) For plants with plant nameplate capacity of less than 10 MW, monthly data are not required.

(1 MMBtu = 10 therms)

**CRR-14:** Unless determined necessary on an ongoing basis, improvements to the site such as concrete pads, gravel lining, and temporary or permanent fencing must be removed.

<u>Verification</u>: Within one month of cessation of operation, the project operator must provide a final report documenting removal of project facilities (this may or may not be coincidental to the quarterly report).

Facility is currently operational.
