**Subject:** **EL SEGUNDO ENERGY CENTER (00-AFC-14C) AMENDMENT PROCEEDING TO REPLACE UTILITY BOILER UNITS 3 AND 4 WITH NEW GENERATION UNITS 9, 10, 11 AND 12**

## **STATUS REPORT 18**

As previously reported, all parties agreed that edits to the Final Staff Assessment (FSA) Part A should be done and published with FSA Part B as one complete combined FSA (Parts A and B). The combined FSA will also include the recent amendment approval of the Units 5 & 7 Air Quality Conditions of Certification, in order to allow for public comment and hearings on the entirety of the project.

On August 3, 2015, the U.S. Environmental Protection Agency issued the “Clean Air Plan” and Air Quality staff are currently updating the greenhouse gas analysis that will be published in the combined FSA. Presently, all other sections are in final review. Staff will complete and file the combined FSA Parts A and B no later than 45 days after July 10, 2015, when the Final Determination of Compliance was submitted by the South Coast Air Quality Management District.
