Roger Johnson
California Energy Commission
1516 Ninth Street
Sacramento, CA 95814

SUBJECT: Addendum to the July 1, 2015 Revised Final Determination of Compliance (FDOC) for El Segundo Power Facility Modification (ESPFM) Project, 00-AFC-14C, located at 301 Vista Del Mar, El Segundo, CA 90245, Facility ID No. 115663.

Dear Mr. Johnson:

The South Coast Air Quality Management District (SCAQMD) has reviewed USEPA's August 3, 2015 submittal for publication for the final rule under the Clean Air Act section 111(b) that will limit Greenhouse Gas Emissions from New, Modified, and Reconstructed Stationary Sources: Electric Utility Generating Units. This rule applies to all new and modified fossil-fueled fired electrical generating units that commenced construction on or after the January 8th, 2014. After review of the USEPA's final rule, the SCAQMD is issuing the attached Appendix I to the July 1, 2015 Revised FDOC to address requirements set forth in this rule.

If you have any questions regarding this project, please contact Mr. John Yee, Senior Air Quality Engineer at (909) 396-2531, jyee@aqmd.gov or Mr. Christian Aviles, Air Quality Engineer at (909) 396-3147, caviles@aqmd.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Mohsen Nazemi".

Mohsen Nazemi, P.E.
Deputy Executive Officer
Engineering and Compliance
