NOTICE OF AVAILABILITY
OF THE
FINAL STAFF ASSESSMENT COMBINED PARTS A & B
OF THE
EL SEGUNDO POWER FACILITY MODIFICATION AMENDMENT
FOR THE
EL SEGUNDO ENERGY CENTER (00-AFC-14C)

TO: AGENCY DISTRIBUTION LIST

The enclosed Final Staff Assessment (FSA) Combined Parts A & B (Combined FSA) contains the California Energy Commission (Energy Commission) staff's final evaluation of the proposed El Segundo Energy Center (ESEC) Petition to Amend (PTA). The Combined FSA contains all technical sections including Air Quality, which was previously not available during the October 2014 publication of FSA Part A.

This Combined FSA is not a decision document for power plant proceedings, nor does it contain findings of the Energy Commission related to environmental impacts or the project's compliance with local, state, and federal laws, ordinances, regulations and standards (LORS). An Energy Commission Committee assigned to the petition will hold evidentiary hearings on the Combined FSA and will consider the recommendations presented by the staff, petitioner, intervenors, government agencies, tribes and the public, prior to proposing its decision. The Energy Commission will make the final decision, including findings, after the Committee's publication of its proposed decision.

The Energy Commission encourages agency participation in the review of the ESEC Combined FSA. If you wish to provide comments on the document, please submit comments by going to the Energy Commission's ESEC webpage <http://www.energy.ca.gov/sitingcases/elsegundo/> and click on the "Submit e-Comment" link. Please provide your full name, agency name, an e-mail address, reference Docket No. 00-AFC-14C, in the subject line, and preferably put your comment in an attached document (.doc, .docx, or .pdf format). After entering characters to ensure that responses are generated by a human user and not a computer, click on the "Agree & Submit Your Comment" button to submit the comment to the Energy Commission Dockets Unit. If you wish to mail written comments on the project, please submit them to the Energy Commission Dockets Unit. Please include the docket number 00-AFC-14C for the ESEC in the subject line or first paragraph of your comments, and mail or hand-deliver them to:

California Energy Commission
Dockets Unit, MS-4
1516 Ninth Street
Sacramento, CA 95814-5512

All written comments and materials filed with the Dockets Unit will become a part of the public record of the proceeding. Additionally, comments will be posted on the ESEC webpage of the Energy Commission's website

<https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=00-AFC-14C>.

Summary of the El Segundo Energy Center Petition to Amend

The modified project will be located within the existing 33-acre ESEC power plant site. The site is located at the southernmost city limit of the city of El Segundo, on the coast of the Pacific Ocean, between Dockweiler State Beach and the city of Manhattan Beach, in Los Angeles county.

ESEC L.L.C., the project owner, proposes to replace utility boiler Units 3 and 4 at the ESEC with one new combined-cycle generator (Unit 9), one new steam turbine generator (Unit 10), and two new simple-cycle gas turbines (Units 11 and 12), totaling 449 megawatts (MW). The amendment, also known as the El Segundo Power Facility Modification (ESPFM) or the ESEC amendment, proposes the demolition of Units 3 and 4, to be replaced with Units 9, 10, 11, and 12, and the replacement of a once-through seawater cooling system with dry-cooling technology.
