RE: Fountain Wind Project (Docket No. 23-OPT-01), Application for Confidential Designation

Dear Mr. Bohan,

Pursuant to Title 20, section 2505(a), of the California Code of Regulations, Fountain Wind, LLC (the "Applicant") hereby submits this *Application for Confidential Designation* for Native American Heritage Commission ("NAHC") Records Search Results; Tribal Addendum; Updated Cultural Resources Phase I Inventory; and Northeast Information Center ("NEIC") Search Results, all of which are submitted in support of the Application for Certification for the Fountain Wind Project and in response to Deficiency Requests CUL-003 through -0014 and CUL2-01 through -09.

Please contact us at 281-520-6995 or hwoltag@connectgenllc.com if you have any questions or require additional information regarding this application.

* * *

1. *Specifically indicate those parts of the record which should be kept confidential.*
 - a. *Title, date, and description (including number of pages) of the information or data for which you request confidential designation.*

The Applicant seeks confidential designation for the documents outlined in Appendix A (Attachments 1-97).

2. *Parts of the information or data for which you request confidential designation.*

The cultural resources information (Attachments 1-97) should be kept confidential in its entirety as it contains sensitive and confidential information regarding cultural resources, including tribal cultural resources and archaeological resources.

3. *State the length of time the record should be kept confidential, and provide justification for the length of time.*

The cultural resources information (Attachments 1-97) should be kept confidential indefinitely in order to protect the cultural resources identified therein.

4. *Cite and discuss:*
 - a. *the provisions of the Public Records Act or other law that allow the Commission to keep the information or data confidential, and explain why the provision applies to the material.*
 - b. *the public interest in nondisclosure of the material submitted for confidential designation. If the material contains trade secrets or its disclosure would otherwise cause loss of a competitive advantage, please state how it would be lost, the value of the information to the applicant and the ease or difficulty with which the information could be legitimately acquired or duplicated by others.*

Cultural resources information (Attachments 1-97): The Public Records Act exempts from disclosure (1) information regarding Native American places, features, and objects and (2) archaeological site information and reports maintained by or in the possession of state or local agencies. (See Govt. Code §§ 7927.000, 7927.005.) These provisions apply to Attachments 1-97, which contain information regarding both Native American places, features and objects, and archaeological site information and reports maintained as confidential by the California Office of Historic Preservation and California Department of Parks and Recreation.

Government Code section 7922.000 further provides that an agency may withhold information from disclosure where the public interest served by nondisclosure clearly outweighs the public interest of disclosure. The public interest in nondisclosure outweighs that of disclosure, as disclosure may enable the location of sensitive cultural resources sites by thieves, vandals, or persons conducting unauthorized collection of materials.

5. *State whether the information may be disclosed if it is aggregated with other information or masked to conceal certain portions, and if so the degree of aggregation or masking required.*

The Applicant considered whether it would be possible to aggregate or mask the information contained within the cultural resources documents (Attachments 1-97). However, even with masking or aggregation, the Applicant believes that disclosure of the documents could improperly disclose the location of sensitive cultural resources sites. Information within the cultural resources documents that can be publicly disclosed will be provided in the Cultural Resources section of the Application for Certification.

6. *State whether and how the information is kept confidential by the applicant and whether it has ever been disclosed to a person other than an employee of the applicant, and if so under what circumstances.*

The Applicant has not disclosed any of the subject information in the cultural resources information (Attachments 1-97) to anyone other than its employees, attorneys, and consultants working on the Project. The cultural resources information also was disclosed confidentially to Shasta County during its previous consideration of the Project.

I certify under penalty of perjury that the information contained in this Application for Confidential Designation is true, correct, and complete to the best of my knowledge and belief. I am authorized to make this Application and Certification on behalf of the Applicant.
