**Application for Confidential Designation: 2023 Integrated Energy
Policy Report
Docket No. 23-IEPR-02**

Dear Joshua Copenhaver:

The California Energy Commission (CEC) has received Southern California Edison's (Applicant) application for confidential designation, dated July 31, 2023 (TN 251402), covering the following data in its IEPR 2023 Demand Forecast Forms:

- Form 8.1a - IOU Revenue Requirements by Major Cost Categories/Unbundled Rate Component
- Form 8.1b - Revenue Requirements Allocation/Bundled
- Form 8.1b - Departed Load

The applicant seeks confidentiality for the highlighted data within Form 8.1a and 8.1b pursuant to California Code of Regulations, title 20, section 2505(a)(4) as a repeated application. Note: there is no highlighted data in either Form 8.1b.

California Code of Regulations, title 20, section 2505(a)(4) provides: "Repeated Applications for Confidential Designation. If an applicant is seeking a confidential designation for information that is substantially similar to information that was previously deemed confidential by the CEC pursuant to section 2508, or for which an application for confidential designation was granted by the executive director pursuant to 2505(a)(3)(A) of this section, the new application need contain only a certification, executed under penalty of perjury, stating that the information submitted is substantially similar to the previously submitted information and that all the facts and circumstances relevant to confidentiality remain unchanged. An application meeting these criteria will be approved."

Here, the applicant has attested under penalty of perjury that the information contained in the application is substantially similar to information previously deemed confidential by the CEC under section 2505(a)(3)(A) and that all the

facts and circumstances relevant to confidentiality remain unchanged. The previous application was granted September 7, 2021, in response letter TN 240430, docket No. 21-IEPR-03.

Therefore, the CEC designates the highlighted information in Form 8.1a as confidential for three years, or until July 31, 2026. This confidentiality period is consistent with the period previously granted.

Be advised that under the California Code of Regulations, title 20, section 2506, one may petition to inspect or copy records that the CEC has designated as confidential. A decision on a petition to inspect or copy records is issued by the CEC's chief counsel. Under the California Code of Regulations, title 20, section 2507, the executive director may disclose, or release records previously designated as confidential in certain circumstances. The procedures for acting on a petition and criteria for disclosing or releasing records previously designated as confidential are set in the California Code of Regulations, title 20, sections 2506 to 2507.

If you have questions, please email confidentialityapplication@energy.ca.gov.

Sincerely,
