Form F

Summary Form for Electronic Document Submittal

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: _	ast Road Storage Project		
Lead Agency: California Energy Commission			
Contact Name:	Yahui Yang		
Email:		Phone Number:	
Project Location:	n: <u>Redwood Valley Area, Mendocino County</u>		
	City	County	

Project Description (Proposed actions, location, and/or consequences).

Form Energy, Inc. (Form Energy) proposes to construct and operate a demonstration energy storage project, the East Road Storage Project (Project), on two adjacent parcels owned by Pacific Gas and Electric (PG&E) located at 7475 and 7399 East Road in the Redwood Valley area of Mendocino County, California. The Project would consist of two power blocks, each containing 64 Form Energy multiday energy storage (MDS) battery enclosures and 16 auxiliary enclosures. It would provide 5 megawatts (MW)/500 megawatt hours (MWh) of 100-hour, iron-air, energy storage. The Project site would occupy two areas within adjacent PG&E parcels.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potential impacts to Biological Resources, Cultural & Tribal Cultural Resources, Geology & Soils, Hazards & Hazardous Materials, Noise, and Transportation, would be less than significant with the implementation of:

MM BIO-1: Implement Worker Environmental Awareness Program. MM BIO-2: Conduct Preconstruction Surveys for Special-Status Wildlife. MM BIO-3: Conduct Biological Monitoring and Reporting. MM BIO-4: Conduct Protocol Surveys for Western Bumble Bee and Implement Avoidance Measures. MM BIO-5: Install and Maintain Wildlife Exclusion Fencing. MM BIO-6: Conduct Preconstruction Surveys for Nesting Birds and Raptors and Implement Avoidance Measures. MM BIO-7: Provide Evidence of Applicable Jurisdictional Waters Permits. MM BIO-8: Avoid and Minimize Impacts to Oak Woodlands. MM CUL-1: Worker Environmental Awareness Program. MM CUL-2: Unanticipated Discovery. MM CUL-3: Treatment of Human Remains. PR-1: Worker Training and Management of Paleontological Resources. PR-2: Paleontological Resources Management Plan. MM HAZ-1: Installation of Hydrogen Gas Detectors. MM HAZ-2: UL9540A Testing of MDS Battery Enclosures. MM HAZ-3: Prepare an Emergency Response and Emergency Action Plan. MM NOISE-1: Construction Noise Notification. MM NOISE-2: Noise Complaint Process. MM NOISE-3: Noise Mitigation – Off Site. MM TRANS-1 Construction and Demolition Traffic Control Plan.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

There are no areas of known controversy.

Provide a list of the responsible or trustee agencies for the project.

None.
