I oppose the Fountain Wind Project

I would like to go on record to say that I oppose the Fountain Wind Project. I understand that Shasta county has twice rejected this project and that state proposes to supersede local control of the land. In my opinion the reasons for now approving this project are clear and valid: Respect of the tribes and their history in this area, concerns for fire and fighting fire. Last but not least the overreach of our State government. The taxpayers in this county have spoken loud and clear on two occasions to say they reject the idea of a wind project in this sensitive area. Sincerely, Barbara Lea Giacomelli, Shasta County property owner, resident and registered voter.
