Discuss the SB 114 Funding Available
for Zero-Emission School Buses and
Infrastructure*

DOCKET NO. 18-TRAN-01

NOTICE OF REMOTE-ACCESS WORKGROUP

RE: Work Group Meeting #1

**Notice of Work Group Meeting #1 to Discuss Senate Bill (SB) 114
Funding for Zero-Emission School Buses and Infrastructure
December 5, 2023**

9:00 a.m. –10:00 a.m.

Remote Access Only (via Zoom)

See Attendance Instructions.

The California Energy Commission (CEC) and the California Air Resources Board (CARB) invite you to participate in the first public work group meeting to discuss funding for zero-emission school buses and infrastructure made available by Senate Bill (SB) 114 (Committee on Budget and Fiscal Review, Chapter 48, Statutes of 2023). The CEC and CARB anticipate holding additional public work group meetings in the future.

SB 114 appropriated a total of \$500 million to the CEC and CARB for the 2023-2024 fiscal year to fund zero-emission school buses and supporting infrastructure through grants awarded to local educational agencies. The CEC and CARB have named this appropriation the "Zero Emission School Bus and Infrastructure" (ZESBI) grants. At this work group meeting, staff will discuss available funding, program priorities, proposed award timeline, and how to stay informed on future ZESBI developments. The presentation will be posted to [CARB's Low Carbon Transportation Incentives webpage](https://ww2.arb.ca.gov/our-work/programs/low-carbon-transportation-investments-and-air-quality-improvement-program/low-0) (<https://ww2.arb.ca.gov/our-work/programs/low-carbon-transportation-investments-and-air-quality-improvement-program/low-0>), and the [CEC's Docket Page](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=18-TRAN-01) (<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=18-TRAN-01>).

The public can participate in the work group meeting consistent with the attendance instructions below. The CEC and CARB aim to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The work group meeting may end sooner or later than the posted end time.

Background

Senate Bill 114 (Committee on Budget and Fiscal Review, Chapter 48, Statutes of 2023), which amended Section 121 of Assembly Bill 181 (Committee on Budget, Chapter 52, Statutes of 2022), appropriated a total of \$500 million to the CEC and CARB for the 2023-2024 fiscal year to fund zero-emission school buses and supporting infrastructure through grants awarded to local educational agencies. The intent of the funding is to replace internal combustion school buses owned by local educational agencies with zero-emission school buses and support the transition by complementing vehicle investments with infrastructure funding. Of the \$500 million, \$375 million in incentives will be awarded through CARB's Hybrid and Zero-Emission Truck and Voucher Incentive Project (HVIP) for zero-emission school buses. HVIP is the cornerstone of CARB's advanced technology heavy-duty incentives, providing funding since 2010 to support the long-term transition to zero-emission trucks and buses. For more information about HVIP, please visit www.californiahvip.org. The remaining \$125 million will be awarded to local educational agencies through the CEC's future SB 114 funded program for zero-emission school bus charging or fueling infrastructure and related activities, including, but not limited to, charging or fueling stations, equipment, site design, construction, and related infrastructure upgrade. Funding for workforce development and training will also be available to grant awardees.

Agenda

There will be a presentation given by CEC and CARB staff, followed by a discussion period with the attendees. Below is a tentative agenda for the work group meeting:

1. Work group goals
2. Poll questions
3. ZESBI funding background
4. Available funding
5. Eligible applicants and priority grantees
6. Eligible technologies
7. Award requirements
8. Public comment and discussion 1
9. Program requirements
10. Next steps
11. Public comment and discussion 2

12. Contact information

Attendance Instructions

The work group meeting will be held via Zoom webinar at the following date and time:

Date: December 5, 2023

Time: 9:00 a.m. - 10:00 a.m. Pacific

To participate in the work group meeting, please register before 9:00 am on December 5th, 2023. Click on this [link](#) or visit [Webinar Registration - Zoom](#) to register for the meeting.

https://energy.zoom.us/webinar/register/WN_wOl_ygRPR9u6UxcJRZ59mQ

After registering, you will receive a confirmation email with information to join the webinar meeting either through a computer, digital device or via conference line. Each meeting link in the confirmation email is unique so please do not share it with others. Every person that wishes to participate needs to register separately and use the unique link sent to them to access the webinar meeting. Please note that there is no in-person attendance option for this meeting. This meeting will be recorded. A link to the recording and a list of work group attendees will be available two weeks after the meeting date on the CARB's Low Carbon Transportation Incentives webpage (<https://ww2.arb.ca.gov/our-work/programs/low-carbon-transportation-investments-and-air-quality-improvement-program/low-0>) and on the CEC's Docket Page (<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=18-TRAN-01>)

Zoom Closed Captioning Service. At the bottom of the screen, click the Live Transcript CC icon and choose "Show Subtitle" or "View Full Transcript" from the pop-up menu. To stop closed captioning, close the "Live Transcript" or select "Hide Subtitle" from the pop-up menu. If joining by phone, closed captioning is automatic and cannot be turned off. While closed captioning is available in real-time, it can include errors.

Zoom Difficulty. Contact Zoom at (888) 799-9666 ext. 2, or the CEC Public Advisor at publicadvisor@energy.ca.gov, or by phone at (916) 957-7910.

Oral comments will be accepted at the end of the work group. Comments may be limited to three minutes or less per speaker and one person per organization. To comment via Zoom, use the "raise hand" feature so the administrator can announce your name and unmute you. To comment via telephone, press *9 to "raise your hand" and *6 to mute/unmute.

Written comments may be submitted to the Docket Unit until 5:00 p.m. on December 19, 2023. Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine. Written comments may also be submitted by email. Include docket number 18-TRAN-01 and Notice of Work Group Meeting #1 to Discuss the SB 114 Funding Available for Zero-Emission School Buses and Infrastructure in the subject line and email to docket@energy.ca.gov.

A paper copy may be mailed to:
