RPS-2021-01 CEC staff also verifies that any RECs reported for the Green Pricing Program reduction in retail sales

Pursuant to TN249096 Verification and Compliance Methodology Report, 3rd Edition (Updated March 2023), CEC staff also verifies that any RECs reported for the Green Pricing Program reduction in retail sales meet the provisions for PCC 1 claims, as required by Public Utilities Code section 399.30 (c)(4). The Methodology Report also states, for each POU, verification results will be issued in separate reports that are also adopted by the CEC at a regularly scheduled business meeting to be used for compliance and enforcement activities.

This Green Pricing Program reduction in retail sales that meet the provisions for PCC 1 claims verification was not included in any of the Staff Draft RPS Verification Results Reports for Compliance Period 3 adopted at the December 13, 2023 business meeting.

When will this verification for Green Pricing Program reduction in retail sales be considered by the commission for adoption for compliance and enforcement activities?

Please file the verification for Green Pricing Program reduction in retail sales for each POU in the docket 21-RPS-01.
