## **Stop the Fountain Wind Project**

The Fountain Wind Project is a wind energy generation facility proposed by Fountain Wind, LLC., on approximately 2,855 acres of private, leased land in the Montgomery Creek/Round Mountain area of Shasta County.

The Project has already been rejected twice by the Shasta County Planning Commission and Shasta County Board of Supervisors. Fountain Wind is now trying to supersede local laws and authorities by seeking State approval for the project through the California Energy Commission (CEC).

This Project poses significant negative impacts to the area including:

Impacts to cultural and Tribal resources of the Pit River Tribe and Other Tribal Nations in Shasta County.

Elevated wildfire risks and impediment to firefighting in an already fire-prone area.

Impediments to Aerial Firefighting.

Endangerment of Wildlife.

and more!
