RE: Black Rock Geothermal Project (23-AFC-03): Repeated Application for Confidential Designation for Revised Data Response 83

Dear Mr. Bohan:

Pursuant to Title 20, section 2505(a)(4) of the California Code of Regulations, Black Rock Geothermal LLC (the “Applicant”) hereby submits this Repeated Application for Confidential Designation for Revised Data Response 83 (“DRR 83R”), which is comprised of the updated Imperial Irrigation District (“IID”) BHE Cluster System Impact Study (“SIS”) and new Appendix H.

By letter dated May 5, 2023, the Executive Director approved the initial request for confidential designation of certain documents relating to the BHE Cluster SIS submitted by the Applicant.¹ The documents submitted in this updated response to California Energy Commission Staff’s Data Request 83 for the Black Rock Geothermal Project contains information that is substantially similar to the previously submitted information as it contains updates to the prior BHE Cluster SIS and new Appendix H. All facts and circumstances relevant to the confidentiality of the information remain unchanged, as the Applicant understands that IID has designated the information as confidential. Therefore, this data request response should be similarly granted confidential designation on the same basis. The Applicant notes that a redacted version of the prior BHE Cluster SIS was previously filed, and it is possible that some of the information in DRR 83R can be made publicly available as well.

I certify under penalty of perjury of the laws of the State of California the information described above is substantially similar to the previously submitted information and that all the facts and circumstances relevant to confidentiality remain unchanged. I am authorized to make this repeated application and certification on behalf of the Applicant.

Please contact us at 916-447-2166 should you have any questions. Thank you.
