Roger Lin, Howard Crystal
Center for Biological Diversity
1212 Broadway, Suite 800
Oakland, CA 94612
Rlin@biologicaldiversity.org

Dear Roger Lin, Howard Crystal, and associated petitioners (cc'd):

Thank you for your petition of February 5, 2024, which requests, on behalf of the Center for Biological Diversity, Central California Asthma Collaborative, California Environmental Justice Alliance, Asian Pacific Environmental Network, Greenlining Institute, Local Clean Energy Alliance, Sierra Club California, The Climate Center, Center on Race, Poverty and the Environment, Clean Coalition, 350 Bay Area, GRID Alternatives, The Protect Our Communities Foundation, the BEEP Coalition, the Local Government Sustainable Energy Coalition, and Environment California (Petitioners), that the California Energy Commission (CEC) initiate a formal rulemaking regarding integrating non-energy benefits and social costs into resource planning and investment decision-making, including the CEC's implementation of Senate Bill (SB) 100 (Stats. 2018, ch. 312).

Under California Code of Regulations, title 20, section 1221(b), I certify that your petition contains the information required by California Code of Regulations, title 20, section 1221(a)(1)-(4). This certification does not constitute approval of your request for a rulemaking hearing. Consistent with the Petitioners' agreement on February 6, 2024, to a 7-day extension of time for the CEC to render a decision, your petition will be considered at the CEC's regularly scheduled business meeting on March 13, 2024.

The agenda and backup materials for the business meeting will post at <https://www.energy.ca.gov/proceedings/business-meetings> prior to the meeting. The agenda contains information on how to participate in the meeting. For more information, please email Rachel Shuen, staff counsel, at Rachel.Shuen@energy.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Drew Bohan".

Drew Bohan
Executive Director

CALIFORNIA ENERGY COMMISSION
