## **No windmills!!!!**

We are in extreme opposition to have any more wind turbines in the Montgomery Creek/Round Mountain area. It will not benefit us through cheaper electricity. The mountains up here are all we have and now you want to take those away and all the wildlife that live in this beautiful area of Shasta County. This is an impediment to fighting wildfires. Please build them down in the valley and the ocean where the people down there can have them if they want them so bad. No! We do not want them up here!
