## **Request for Comment Deadline Extension**

March 19, 2024  
California Energy Commission  
Re: Docket No. 23-DECARB-03

We respectfully request that the California Energy Commission extend the deadline for written comments on the 2024 Building Energy Action Plan to April 9, 2024. We appreciate the opportunity to comment on the CEC's development of the 2024 Building Energy Action Plan and we understand the need to move quickly. In recognition of the multiple concurrent CEC public processes and comment deadlines (e.g., Home Efficiency Rebates workshop on March 21 and comment deadline on April 5; Equitable Building Decarbonization Program Pre-solicitation workshop on March 14), we ask the CEC to allow more time for consultation with the Healthy Homes Working Group and other partners so that we can deliver thoughtful input on the Building Energy Action Plan.

We respectfully ask that the CEC confirm whether an extension will be possible at its earliest convenience. Thank you for your consideration.

Sincerely,

Laila Atalla  
Senior Associate  
RMI

Jacqueline Ramirez  
California Senior Policy Associate  
Building Decarbonization Coalition
