**RE: San Francisco Public Utilities Commission's Updated
Integrated Resource Plan (IRP) filing – Hetch Hetchy Power**

Dear Mr. McCollough,

On November 28, 2023, the San Francisco Public Utilities Commission (SFPUC) five member Commission approved the Updated Integrated Resource Plan (IRP) of Hetch Hetchy Power, the local publicly-owned utility of the SFPUC. SFPUC now submits the following documents to the IRP docket:

- SFPUC IRP
- SFPUC Standardized Reporting Tables
- SFPUC Clarifications to CEC Standardized Reporting Tables
- SFPUC Supporting Information

In addition, the IRP serves as Hetch Hetchy Power's compliance with the AB 2514 energy storage requirement.¹ The IRP determines energy storage procurement to be a suitable candidate resource that could be procured to meet future resource adequacy needs. Hetch Hetchy Power plans to conduct further analysis of evaluate storage development to support load shifting, improve demand management, and for use as a possible backup source of power for essential public services.

Please feel free to contact either myself (malbright@sfgwater.org / (415) 934-3945) or Randi H. Cheuk (rhcheuk@sfgwater.org / (415) 926-0285) if you have any questions.

Sincerely,
/s/ Mallory Albright
