Subject: RSES 2023 Annual Report (Section 10-103.2(d)1 of the 2022 Standards)

RSES continues to communicate its involvement as an ATTCP. All of our online training programs for both ATEs and ATTs have been updated to adhere to the 2022 Code Cycle. ATEs and ATTs are signing up at a more regular pace now and there has been a lot more interest in the program. RSES will continue to get the word out to CA contractors, technicians and facility managers. Following is the information required based on the reporting requirements outlined in attachment 1 provided in the Feb. 29, 2024 letter, all data of which was exported from the Title 24 DocReg:

- Number of lapsed certifications: ATE: 24 | ATT: 26
- Number of certifications to date: ATE: 51 | ATT: 68
- Number of certifications available: ATE: 79 | ATT: 70

In addition, we have several pending ATEs/ATTs for 2024. No revocations or suspensions in this reporting period.
