Docket Number: 21-RPS-01*

RPS-2021-01 Definition and measurement of electricity as a product

RPS-2021-01 Definition and measurement of electricity as a product

Please identify the law, statute or decisional, that supports the location of measurement and unit of measure for electricity as a product for Renewables Portfolio Standard Retail Sellers Procurement Verification.

Please identify the locations where the retail electricity is measured for determining amount electricity and ownership of all renewable and environmental attributes that would be included in the production of renewable energy credits eligible for compliance with Renewables Portfolio Standard by a retail seller.

Please identify the means to determine the legal title for ownership of all renewable and environmental attributes that would be included in the production of renewable energy credits.
