~~In-person at:~~

~~Rosenfeld Hearing Room~~

~~1516 9th Street~~

~~Sacramento, CA 95814~~

~~Online and by Phone via Zoom~~

~~See Attendance Instructions.~~

The California Energy Commission (CEC) will host a pre-rulemaking workshop on the proposed rulemaking to implement provisions of Senate Bill (SB) X1-2 (Stats. 2023, 1st Ex. Sess. 2023, ch.

1). This workshop will focus on rules to manage necessary refinery maintenance and turnarounds pursuant to Public Resources Code section 25354.2.

The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

Agenda

This workshop will discuss proposed CEC regulations or guidelines, or both (rules), and proposed amendments to the existing regulations associated with the Petroleum Industry Information Reporting Act of 1980 (PIIRA) located in the California Code of Regulations, title 20, division 2, chapter 3, article 3. The proposed rules that will be discussed at this workshop are being developed pursuant to CEC Order No. 23-1018-10 to implement Chapter 4.5 of Division 15 of the Public Resources Code and to address new statutory provisions therein resulting from the passage of SB X1-2. As relevant to this rulemaking, SB X1-2 increased the data collection and analysis provisions in Public Resources Code section 25354 and authorized the CEC to develop rules to manage necessary refinery maintenance and turnarounds pursuant to Public Resources Code section 25354.2. Discussion may include ensuring supplemental capacity before a maintenance or turnaround event, exemptions from the Executive Director, and additional submittals required of a refiner requesting an exemption.

A detailed schedule will be posted prior to the workshop on the General Rulemaking Proceeding for Developing Regulations, Guidelines, and Policies for Implementing SB X1-2 and SB 1322 (Stats. 2022, ch. 374), available on Docket [23-OIR-03](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-OIR-03) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-OIR-03>.

Background

SB X1-2 was approved by the Governor on March 28, 2023, and took effect in June 2023. SB X1-2 authorized the CEC to regulate the timing of refinery maintenance and turnaround. Among other things, SB X1-2 revised and introduced several new petroleum industry reporting requirements, with submittals beginning in July 2023. The new information includes spot market transactions, firm ownership, agreements and contracts, inventory holdings by type, refinery maintenance schedules, 96-hour notice of marine vessel imports, expanded refinery operator reporting, and new pipeline and port operator reporting.

Additionally, SB X1-2 authorized the CEC to set a maximum gross gasoline refining margin and to impose an administrative civil penalty on refiners that exceed that margin, which the CEC is considering in a separate proceeding under Docket No. [23-OIIP-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-oiip-01) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-oiip-01>. The legislation also established the Division of Petroleum Market Oversight and the Independent Consumer Fuels Advisory Committee to provide guidance and recommendations to the Governor and the CEC on any issues related to transportation fuels pricing and transportation decarbonization in California.
