Support of Fountain Wind Project

The Five Counties CLC supports the development of the Fountain Wind Project. Our organization represents over 8,000 organized workers in Shasta, Trinity, Tehama, Siskiyou and Modoc Counties. We see the opportunity for employment of our skilled and trained members during the construction and subsequent operation of the wind farm. The county will benefit from the property tax and sales tax revenues. The project will contribute to the statewide effort to move to renewable energy sources and offset the effects of climate change.
