The applicant states that the Phase I Interconnection Study for the Willow Rock Energy Storage Center was previously determined by the CEC's executive director to be confidential for the life of the interconnection agreement (TNs 241305, 246750, 247218). The applicant further states under penalty of perjury that documents submitted contain information that is substantially similar to information previously designated as confidential and all facts and circumstances relevant to the confidentiality of the information remain unchanged.
