Re: Martin Data Center 20-SPPE-03 Mitigation Monitoring and Reporting Program

To Whom It May Concern:

This letter is to confirm that the Mitigation Monitoring and Reporting Program (MMRP), prepared by the California Energy Commission and made part of the Final Environmental Impact Report, for the proposed Martin Data Center located at 651 Martin Avenue, has been reviewed by the City's Community Development Department. The City of Santa Clara in its role as the Responsible agency for the project will process the Planning entitlements for the construction and operation of the project. Following the approval of the project, the City will implement and enforce the Mitigation Monitoring and Reporting Program (MMRP), which has been developed in conjunction with the preparation of an EIR for the proposed project.

Should you have questions or require additional information, please contact me at (408) 615-2450.

Sincerely,

Tiffany Vien  
Associate Planner  
City of Santa Clara
