Land use storage for lithium batteries in San Juan Capistrano next to freeway by Avery

I am COMPLETELY Against this!!!! I live up the hill from there There should be no hazard materials next to where people live. What is a fire breaks out. It's going to on for weeks because the fire departments won't be able to put it out. My house insurance already sky rocketed etc. This idea is complete stupidity and insane. I am very distressed , frustrated and worried due to this idea. This idea will ruin my quality of life etc. This needs to be Stopped !!!! Storage of these kinds of things should be in the desert not where people live !!!!!!! This needs to be Stopped !!!!!!! I have been living here for over 30 years and this is completely absurd and crazy! This is needs to be stopped!!!
Grace Turi.
