## **Ensure All Californians Cn Ride and Drive EVs**

I urge the CEC to vigorously support EV charging, especially for multi-family housing residents, renters, and rural drivers. As an EV driver for the past six years, I enjoy the benefits of driving electric everyday. Not only do I save thousands of dollars on fuel and maintenance, I am running my car on the sun! EVs translate to improved air quality, reduced emissions, fewer impacts on climate change and improved public health. Please fund EV charging for Californians.
