## **Unsafe neighbors**

We cannot let this nightmare happen. The potential for disaster despite precautions is very real. There are many examples of neighborhoods and countless people's lives ruined as a result of something like this being placed in a highly populated area. For the church to circumvent the rule of the city council by using our ill intentioned state laws that no one put an ounce of thought into is a travesty. We need to band together to put a stop to this once and for all.
