STOP the Compass Energy Storage Project

I am writing to demand prevention of the Compass Energy Storage Project, which will create a disastrous fire and pollution threat in a heavily populated coastal area of San Juan Capistrano, near where I reside in San Clemente. This CANNOT happen here! The threat to life, habitat, and our coastal areas that we fight so hard to protect will NOT be tolerated. The community will not stand for it and we will ensure this does not happen. Please stop this project!
