## **Don't allow the lithium battery plant to open in Laguna Niguel**

There have been too many fires in lithium battery factories. This one scheduled to open is way too close to homes, to the water sources, and to an area that is already a fire risk. People's lives will be put at risk. Homeowners will not be able to get insurance. Air pollution will increase. The people who allowed this sale to go through did not consider the high safety risks in placing this business here in this neighborhood in Laguna Niguel. Surely, another site can be found!!!
