**RE: REPEATED APPLICATION FOR CONFIDENTIAL DESIGNATION for Mojave Solar LLC
Responses to Data Requests for Petition to Amend for the Addition of Two New
Evaporation Ponds at the Mojave Solar Project (09-AFC-05C)**

Pursuant to Section 2501 et seq., of Title 20 of the California Code of Regulations, Mojave Solar LLC (Mojave Solar) hereby submits this *Repeated Application for Confidential Designations* on behalf of the Mojave Solar Project (“MSP”) (09-AFC-05C), hereinafter “Application.” Mojave Solar requests confidential designations for certain information provided with its response to California Energy Commission (“CEC”) Staff’s Data Requests, Set 2 for the Mojave Solar Project Petition to Amend for the Construction of Two New Evaporation Ponds.¹ Specifically, Mojave Solar requests confidential designation for information provided in response to Staff’s second set of data requests that includes information on the monthly inflow and outflow of water and megawatt-hour production.

By your letter dated June 3, 2024, “monthly inflow and outflow of water and megawatt-hour production,” and other information detailed in the letter, contains trade secrets. “As such, the applicant’s request for confidential designation of the data listed above is granted for the life of the facility.”² This Application similarly seeks confidential designation for the monthly inflow, outflow and megawatt hour data contained in Mojave Solar’s response to Staff’s Data Requests, Set 2. The responses to Staff’s Data Requests, Set 2 contain information that is substantially similar to the previously submitted information that was granted confidential designation by your June 3rd letter. All facts and circumstances relevant to the confidentiality remain unchanged.

Accordingly, Mojave Solar requests confidential designation for any discussion, charts, tables, or other figures that are provided with its responses to Data Requests, Set 2 containing monthly information for MSP’s inflow and outflow of water and megawatt-hour production. This includes charts with monthly information provided in direct response to Data Request Set 2, request number DR2, and granular inflow, outflow and energy production data provided in Exhibit “A” to Mojave Solar’s responses.

¹ TN # 256844: *Application for Confidential Designation for MSP Responses to Data Requests for Mojave Solar Project (09-AFC-05C) Addition of Two New Evaporation Ponds*, May 6, 2024.

² TN # 256658: *CEC Response Letter Regarding Confidentiality Application*, dated May 8, 2024, June 3, 2024, p 2.
