## **Oppose Energy storage facility Off Camino Capistrano**

I oppose the building of the Energy Storage facility at the proposed site in San Juan Capistrano.

1. The location in an extreme fire hazard area where there are many homes present.
2. The access to the facility is made difficult due to a minimal amount of road access and railroad tracks in the way as a potential barrier to emergency vehicles.
3. High Pollution hazard from dangerous chemicals.
4. Ecological related issues to harming a natural water distribution path.
