## **Opposition to proposed BESS facility in San Juan Capistrano**

Sir,

The proposed BESS facility in San Juan Capistrano, is not a good idea, since this area is right next to I-5 and a major corridor between LA and other coastal cities in SoCal including SD.

Any mishap on such an important corridor will be catastrophic.

Also since this is a relatively open area having a potential for a wild fire during dry months, such a facility only adds to the risk for local residents and wildlife.

Due to the potential safety concerns I would oppose the BESS proposed facility.

Thanks,  
Anindya Chatterjee
