Ramzi Raufdeen
City of Vernon Public Utilities
4305 Santa Fe Ave
Vernon, California 90058

Dear Ramzi Raufdeen:

Thank you for submitting the City of Vernon Public Utilities (VPU) 2023 Integrated Resource Plan (IRP). The California Energy Commission received the IRP on November 20, 2023, including the four standardized reporting tables.

Energy Commission staff has performed the check for completeness, as described in Chapter 3, Section B.1 of the IRP Guidelines,¹ and has determined that the VPU 2023 IRP is complete.

The IRP Guidelines provide a framework to evaluate the consistency of VPU's IRP with California's energy and other policy goals outlined in Senate Bill 350 (de León, Chapter 547, Statutes of 2015).

Consistent with Senate Bill 350 and the IRP Guidelines, the Energy Commission has begun reviewing VPU's IRP for consistency with the requirements spelled out in Senate Bill 350 and subsequent legislation. If staff determines there is a need for additional information to facilitate the Energy Commission's review of the IRP, VPU will receive a request for supporting information. The determination finding the IRP consistent or inconsistent with the requirements of the Public Utilities Code Section 9621 will be available once staff completes the analysis.

The Energy Commission anticipates considering adoption of the Executive Director's determination at an Energy Commission business meeting within two months of the determination.

If you have any questions regarding your 2023 IRP submission, please contact Angela Tanghetti at angela.tanghetti@energy.ca.gov.

Sincerely,

Aleecia Gutierrez
