Opposition to the Fountain Wind Project

Dear California Energy Commission (CEC) and Governor Gavin Newsom,

I am writing to express my opposition to the Fountain Wind Project. This project will not accomplish the purposes that the public have been told and have not been given full disclosure to the harm it will create to our already diminishing environment. It will increase solid waste into the landfills as these parts must be buried and do not decompose.

I request that you vote NO on this project and cancel it!

Sincerely,
Judy Mason
Redding CA
