August 26, 2024

Mandip Samra
City of Burbank Water and Power Department
164 West Magnolia Blvd.
Burbank, California 91502

Dear Mandip Samra:

Thank you for submitting the City of Burbank Water and Power (BWP) 2024 Integrated Resource Plan (IRP). The California Energy Commission received the IRP on December 8, 2023, including the four standardized reporting tables.

Energy Commission staff has performed the check for completeness, as described in Chapter 3, Section B.1 of the IRP Guidelines,¹ and has determined that the BWP 2024 IRP is complete.

The IRP Guidelines provide a framework to evaluate the consistency of BWP's IRP with California's energy and other policy goals outlined in Senate Bill 350 (de León, Chapter 547, Statutes of 2015).

Consistent with Senate Bill 350 and the IRP Guidelines, the Energy Commission has begun reviewing BWP's IRP for consistency with the requirements spelled out in Senate Bill 350 and subsequent legislation. If staff determines there is a need for additional information to facilitate the Energy Commission's review of the IRP, BWP will receive a request for supporting information. The determination finding the IRP consistent or inconsistent with the requirements of the Public Utilities Code Section 9621 will be available once staff completes the analysis.

The Energy Commission anticipates considering adoption of the Executive Director's determination at an Energy Commission business meeting within two months of the determination.

If you have any questions regarding your 2023 IRP submission, please contact Bryan Neff at bryan.neff@energy.ca.gov.

Sincerely,

Aleecia Gutierrez
