Notice of Intent to Adopt a Negative Declaration for Proposed 2025 Revisions to the Energy Code

East Bay Municipal Utility District (EBMUD) appreciates the opportunity to comment on the Negative Declaration for the Proposed 2025 Revisions to the Energy Code for Residential and Nonresidential Buildings (Code; Docket No. 24-BSTD-01) applicable statewide. EBMUD has the following comments.

EBMUD FACILITIES

Chapter 1 of the Initial Study states that the Code applies to newly constructed buildings, additions, and alterations to existing buildings. The application to additions and alterations is unclear. For additions, the Code should clarify that it applies only to the building addition and not the entire facility. The Code should also clarify which proposed revisions apply to building alterations.

If you have any questions concerning this response, please contact Sandra Mulhauser, Senior Civil Engineer, Major Facilities Planning Section at (510) 287-7032.

Additional submitted attachment is included below.
