## **Lithium-ion Battery Fire & Explosion Hazards**

I DO NOT WANT STORAGE of any size of lithium-ion batteries used for cell phones, laptops, toothbrushes, power tools, ELECTRIC VEHICLES, vehicles scooters/bikes etc. STORED OR Manufactured anywhere within 500 miles of San Clemente San Juan Capistrano Aliso Viejo anywhere in Orange County they should be stored out in the open with a 4000 mile circumference so when they explode and cause a fire, it does not damage lives homes, houses, and businesses.
