September 16, 2024

Colin Selby  
Turlock Irrigation District  
333 East Canal Drive  
P O Box 949  
Turlock, CA 95381-0949

Dear Colin Selby:

Thank you for submitting the Turlock Irrigation District (TID) 2023 Integrated Resource Plan (IRP). The California Energy Commission received the IRP on March 8, 2024, including the four standardized reporting tables.

Energy Commission staff has performed the check for completeness, as described in Chapter 3, Section B.1 of the IRP Guidelines,<sup>1</sup> and has determined that the TID 2023 IRP is complete.

The IRP Guidelines provide a framework to evaluate the consistency of TID's IRP with California's energy and other policy goals outlined in Senate Bill 350 (de León, Chapter 547, Statutes of 2015).

Consistent with Senate Bill 350 and the IRP Guidelines, the Energy Commission has begun reviewing TID's IRP for consistency with the requirements spelled out in Senate Bill 350 and subsequent legislation. If staff determines there is a need for additional information to facilitate the Energy Commission's review of the IRP, TID will receive a request for supporting information. The determination finding the IRP consistent or inconsistent with the requirements of the Public Utilities Code Section 9621 will be available once staff completes the analysis.

The Energy Commission anticipates considering adoption of the Executive Director's determination at an Energy Commission business meeting within two months of the determination.

If you have any questions regarding your 2023 IRP submission, please contact Joseph Merrill at [joseph.merrill@energy.ca.gov](mailto:joseph.merrill@energy.ca.gov).

Sincerely,

*Aleecia Gutierrez*  
Aleecia Gutierrez  
Director  
Energy Assessments Division
