Sacramento, California 95814[energy.ca.gov](http://energy.ca.gov)

CEC-70 (Revised 7/22)

*IN THE MATTER OF:**2024 Integrated Energy Policy Report  
Update (2024 IEPR Update)*

DOCKET NO. 24-IEPR-03

NOTICE OF IEPR WORKSHOP

RE: Forecast in Electricity System Planning

## **Notice of IEPR Commissioner Workshop on Forecast Use in Electricity System Planning**

**Wednesday, October 2, 2024**

10:00 a.m. – 5:00 p.m.

**Remote Access Only**via Zoom™ <https://zoom.us/>,Meeting ID: **876 8579 9411** and Meeting passcode: **2024**

See Attendance Instructions.

The California Energy Commission (CEC) will host a workshop to discuss how the IEPR forecast is used for other aspects of electricity system planning in the state. The CEC's electricity forecast will be included in the *2024 Integrated Energy Policy Report Update (2024 IEPR Update)*, the CEC's biannual energy policy report that is updated on alternate years such as 2024.

This workshop is part of the 2024 IEPR Update proceeding. Chair Hochschild is the CEC's Lead Commissioner for the 2024 IEPR Update with Vice Chair Gunda as the Associate Commissioner. A quorum of commissioners may participate, but no votes will be taken.

The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

The public can participate in the workshop consistent with the attendance instructions below.

## Agenda

The workshop will provide an overview of how the CEC's electricity demand forecast informs other electricity system processes in California. Presenters from the California Independent System Operator, California Public Utilities Commission, and utilities will discuss use of the CEC's forecast in transmission system planning, distribution system planning, resource adequacy, and integrated resource planning. They will also highlight the challenges they face in integrating the forecast into their processes, share how they are currently addressing these challenges, and offer recommendations for future forecast improvements.

A detailed final schedule will be posted prior to the workshop at [2024 IEPR Update Workshops, Notices, and Documents](https://www.energy.ca.gov/data-reports/reports/integrated-energy-policy-report/2024-integrated-energy-policy-report-update-0), <https://www.energy.ca.gov/data-reports/reports/integrated-energy-policy-report/2024-integrated-energy-policy-report-update-0>.

## Background

Public Resources Code Section 25301 requires the CEC to prepare an Integrated Energy Policy Report (IEPR) every two years that includes assessments and forecasts of all aspects of energy industry supply, production, transportation, delivery and distribution, demand, and prices. On alternate years, such as for the 2024 IEPR Update, the CEC updates the statewide forecast of electricity demand.

This workshop invites users of the CEC's forecast to provide an overview of the electricity system processes that the CEC's IEPR forecast informs.

## Attendance Instructions

Participants may join via Zoom by internet or phone.

- **To join via Zoom.** Click on <https://energy.zoom.us/j/87685799411?pwd=KIaf0wfNs77CEvPI3kmk6mwXaOsGv.1> or login in at <https://zoom.us/> and enter the Meeting ID **876 8579 9411** and passcode **2024** and follow all prompts.
- **To join by telephone.** Call toll-free at (888) 475-4499 or toll at (669) 219-2599. When prompted, enter the Meeting ID **876 8579 9411** and passcode **2024**.

**Zoom Closed Captioning Service.** At the bottom of the screen, click the Live Transcript CC icon and choose "Show Subtitle" or "View Full Transcript" from the pop-up menu. To stop closed captioning, close the "Live Transcript" or select "Hide Subtitle" from the pop-up menu. While closed captioning is available in real-time, it can include errors.

## Public Comment

**Oral comments** will be accepted at the workshop. Comments may be limited to three minutes or less per speaker and one person per organization. Depending on the number of members of the public seeking to make a comment, the facilitator may adjust the total time allotted, and the time allotted for each comment.

If participating via Zoom’s online platform, use the “raise hand” feature to alert the administrator that you would like to make a comment during the public comment period.

If participating by telephone, press \*9 to “raise your hand” and \*6 to mute/unmute. An administrator will call on you by the last three digits of your phone number. Unmute your phone before introducing yourself and sharing your comment.

**Written comments** may be submitted to the Docket Unit by 5:00 p.m. on **October 16, 2024**.

The CEC encourages use of its electronic commenting system. Visit the [e-commenting page](https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=24-IEPR-03) at <https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=24-IEPR-03>, which links to the comment page for this docket. Enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the “Comment Text” box or attached as a downloadable, searchable document consistent with title 20 of the California Code of Regulations, section 1208.1. The maximum file size allowed is 10 MB.

Written comments may be submitted by email. Include docket number **24-IEPR-03** and “Forecast in Electricity Planning” in the subject line and email to [docket@energy.ca.gov](mailto:docket@energy.ca.gov).

If preferred, a paper copy may be sent to:

California Energy Commission  
Docket Unit, MS-4  
Docket No. 24-IEPR-03  
715 P Street  
Sacramento, California 95814-5512

Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine.

## **Contacts**

**Public Advisor** the CEC’s Public Advisor assists the public with participation in CEC proceedings. To request assistance, interpreting services, or reasonable modifications and accommodations, call (916) 957-7910 or email [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov) as soon as possible but at least five days in advance of the workshop. The CEC will work diligently to meet all requests based on availability.

**Zoom Difficulty** Contact Zoom at (888) 799-9666 ext. 2, or the CEC Public Advisor, see above.

**Media Inquiries** Email [mediaoffice@energy.ca.gov](mailto:mediaoffice@energy.ca.gov) or call (916) 654-4989.

**Technical Subject Inquiries** Email Heidi Javanbakht at [heidi.javanbakht@energy.ca.gov](mailto:heidi.javanbakht@energy.ca.gov)

**General Inquiries** regarding the IEPR proceeding to Raquel Kravitz at [raquel.kravitz@energy.ca.gov](mailto:raquel.kravitz@energy.ca.gov) or (916) 907-4284.

## **Availability of Documents**

Documents and presentations for this meeting will be available at Docket Log: [24-IEPR-03 – Electricity Demand Forecast](#) at

<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=24-IEPR-03>

When new information is posted, an email will be sent to those subscribed to the Integrated Energy Policy Report list subscription. To receive these notices or notices of other email subscription topics, visit [Subscriptions](#), at <https://www.energy.ca.gov/subscriptions>.

**Dated:** September 18, 2024, at Sacramento, California.
