Dear Mr. Bohan,

In accordance with California Public Resources Code Section 1623.1(b)(3) of the California Energy Commission's (CEC) Load Management Standards, Central Coast Community Energy (3CE) is submitting a list of our current load flexibility programs to CEC Docket Number 23-LMS-01.

This submission aligns with 3CE's Load Management Standards Plan, which was provided to you and submitted to the same docket on March 7, 2024. We have not yet received a formal response to the Plan; therefore, the programs included in this submission reflect the details of the Plan. As mentioned in our Plan, 3CE is actively evaluating additional pilot opportunities to offer Real Time Pricing programs and rates to our residential and commercial customers. These opportunities include PG&E's High Flex Pricing Residential Pilot and High Flex Pricing Commercial Pilot.

If you have any questions or need further information, please feel free to contact me at (831) 641-7220 or at JStrickland@3CE.org.

Thank you for your attention to this matter.

Sincerely,

Jerri Strickland
