CEC-70 (Revised 7/22)

IN THE MATTER OF:

Floating Offshore Wind Research and Development Portfolio Showcase Webinar DOCKET NO. 23-ERDD-01

NOTICE OF REMOTE-ACCESS Webinar

RE: Floating Offshore Wind Research and Development Portfolio Showcase Webinar

Notice of Floating Offshore Wind Research and Development Portfolio Showcase Webinar November 5, 2024

9:30 a.m. - 12:00 p.m. Remote Access Only via Zoom or Telephone See Attendance Instructions below.

The California Energy Commission (CEC) will host a remote access webinar to provide an overview of current floating offshore wind (FOSW) research and development (R&D) projects funded by the CEC's Electric Program Investment Charge (EPIC) Program.

The public can participate in the webinar consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The webinar may end sooner or later than the posted end time.

Agenda

The webinar will feature presentations from EPIC-funded grant recipients currently engaged in R&D projects for FOSW technologies. The webinar will also include dedicated time for questions and answers, and we encourage active engagement and feedback from attendees.

A detailed agenda will be posted prior to the webinar at https://energy.ca.gov/events.

Background

The EPIC Program is funded by an electricity ratepayer surcharge established in 2011 by the California Public Utilities Commission. EPIC projects reduce the cost and improve the performance of energy products and services, helping to meet the state's clean energy and climate goals faster and at a lower cost. The CEC's Assembly Bill 525 Offshore Wind Energy Strategic Plan (https://www.energy.ca.gov/data-reports/reports/ab-525-reports-offshore-renewable-energy) projects that California will need 25 gigawatts procured from FOSW deployments to meet long-term clean energy goals, including Senate Bill 100's goal of 100 percent electricity from renewable

and zero-carbon resources. Offshore wind has a complementary generation profile with solar and, therefore, could be a key resource to support the grid during times of high energy demand. However, technology advancements are needed to address complex challenges in California, including deep water deployment, environmental monitoring, and seismicity.

CEC awarded \$20.8 million in 2023 to fund applied R&D projects aimed to lower costs of FOSW development and to alleviate environmental impacts specific to California's Wind Energy Areas off the coasts of Humboldt and Morro Bay. This webinar will feature the project purpose, approach, and findings to date for each of the seven projects that resulted from competitive EPIC solicitations. Additional details on these solicitations can be found on the CEC website at https://www.energy.ca.gov/solicitations/2022-08/gfo-22-401-advancing-environmental-monitoring-technologies-floating-offshore and https://www.energy.ca.gov/solicitations/2022-09/gfo-22-402-advancing-designs-floating-offshore-wind-mooring-lines-and-anchors.

Remote participants may join via Zoom by internet or phone.

- **To join via Zoom.** Click on https://energy.zoom.us/j/88606955443?pwd=RQdP3MjONbRgYQCgJb5WT3m2fBoSGI.1
- or login in at https://zoom.us/ and enter the Webinar ID 886 0695 5443 and passcode windenergy and follow all prompts.
- **To join by telephone.** Call toll-free at (888) 475-4499 or toll at (669) 219-2599. When prompted, enter the Webinar ID 886 0695 5443 and passcode windenergy.

Zoom Closed Captioning Service. At the bottom of the screen, click the Live Transcript CC icon and choose "Show Subtitle" or "View Full Transcript" from the pop-up menu. To stop closed captioning, close the "Live Transcript" or select "Hide Subtitle" from the pop-up menu. If joining by phone, closed captioning is automatic and cannot be turned off. While closed captioning is available in real-time, it can include errors.

Zoom Difficulty. Contact Zoom at (888) 799-9666 ext. 2, or the CEC Public Advisor at publicadvisor@energy.ca.gov, or by phone at (916) 957-7910.

Questions and Comments.

The webinar will include time for a **Question and Answer** segment. Instructions will be provided during the webinar, but generally, you will be asked to use the "raise hand" feature to ask a question so the administrator can announce your name and unmute you. If joining via telephone, press *9 to "raise your hand" and *6 to mute/unmute.

Comments: The CEC encourages the use of its electronic commenting system. Visit the e-commenting page for this docket <u>23-ERDD-01</u> at https://efiling.energy.ca.gov/EComment/EComment.aspx?docketnumber=23-ERDD-01 if you would like to comment on the EPIC program, including FOSW R&D. Enter your contact information and a subject title that describes your comment. Comments may be included in the "Comment Text" box or attached as a downloadable, searchable document in Microsoft® Word or Adobe® Acrobat®. The maximum file size allowed is 10 MB.

Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine.

Written comments may also be submitted by email. Include docket number 23-ERDD-01 and Floating Offshore Wind Research and Development Portfolio Showcase Workshop in the subject line and email to docket@energy.ca.gov.

A paper copy may be mailed to: California Energy Commission Docket Unit, MS-4 Docket No. 23-ERDD-01 715 P Street Sacramento, California 95814

Public Advisor. The CEC's Public Advisor assists the public with participation in CEC proceedings. To request assistance, interpreting services, or reasonable modifications and accommodations, call (916) 957-7910 or email publicadvisor@energy.ca.gov as soon as possible but at least five days in advance. The CEC will work diligently to meet all requests based on availability.

Media Inquiries. Email <u>mediaoffice@energy.ca.gov</u> or call (916) 654-4989.

Technical Subject Inquiries. Email Katherine Greenwald at Katherine.Greenwald@energy.ca.gov or call (916) 352-0436.

General Inquiries: Email Energy Research and Development Division at ERDD@energy.ca.gov.
