United States of America

Dear California Energy Commission Members,

I appreciate the opportunity to provide feedback following the September 20, 2024, workshop on the 'California Battery Pilot Manufacturing Line Funding Concept.'

Mpac Group, a global leader in automation solutions with a facility in Cleveland, specialises in producing customised equipment for the battery cell assembly sector.

We are encouraged by the growing efforts to advance the U.S. battery industry and are eager to contribute.

At Mpac, we possess the technical expertise and experience to collaborate with the awardee, delivering cutting-edge, flexible automation equipment designed to support future innovators in the development and scaling of their battery cells.

We welcome the opportunity to continue discussions on cell assembly and industry trends, and we are enthusiastic about the possibility of partnering on this important project.

Best regards,

Sam Hunt

Technical Sales Engineer
