APPENDIX 4.15-A: PUBLIC SERVICES RECORDS OF COMMUNICATION

Telephone Conversation Record

Call To: Bill Sbozil,
Third Party Fire Marshall,
Dixon Fire Department

Phone No.: 707-678-7060

Date: 7/29/2024

Call From: Hannah Marquez

Time: 9:00am

Prepared By: Hannah Marquez

Subject: *Corby BESS Fire Department Response*

- Does Dixon Fire Protection District have the capacity to provide fire protection services to the project site? **Yes, it is a municipal fire department.**
 - Emergency response service as well? In the event that someone needs to be taken to the hospital, how long would it take to get to the hospital? **Yes, they do provide paramedic and EMS help. Under 5 minutes, Kaiser Permanente is very close and is a trauma facility**
 - Does Dixon Fire work with Vacaville FD for coordinating fire response or would it be the sole responsibility of Dixon Fire to provide service? **Yes, Vacaville FD would coordinate fire response or whatever agency would get there first under joint agency contract.**
 - Would the 205 Ford Way address be the responding location? **Yes**
 - What are your response times from the station to this project site? **Will get back to us**
 - What type of equipment/vehicles are housed at this station? How many of each? **Truck company, engine company, water tender.**
 - Are these vehicles equipped to handle battery fires with potentially hazardous materials? **Yes, they are an all-response agency and do respond to hazardous materials incidents.**
 - Are there any planned expansions to the fire department? **A new station in the works, on the southern end of the City of Dixon**
 - Email: firemarshal@cityofdixon.us

Hi Hannah,

Forwarding the response for your questions from the Assistant Fire Chief. The new fire station will be located on the SE corner of the intersection of Pitt School Road and Lavendar Lane. The City owns the vacant lot. Building plans are currently under review. Funding for construction has not yet been fully secured. There is a ballot measure this November to seek funding for the fire department from the community. Hope this helps.

Bill Svozil

Subject: Re: Dixon Fire Department Environmental Analysis Questions

Good Morning Hannah,

Yes Station 81 is the station that would be responding to this address. Reviewing past calls for service in the area our response times would be 12 to 14 minutes. At station 81 there are two type one engines staffed with ALS capabilities. Unstaffed equipment is two additional type one engines, 105' ladder truck, two water tenders with 2000 gallon of water, one type three wildland engine, one type five wildland engine, and a squad with rescue equipment. If you need anything else let myself or Bill know.

RANDY SHAFER
DEPUTY FIRE CHIEF
DIXON FIRE DEPARTMENT
205 Ford Way Dixon, CA 95620
(707) 678-7060 x2106

Subject: FW: Dixon Fire Department Environmental Analysis Questions

Hi Randy,

Would you respond to Hannah's questions below. She is doing an environmental review for a proposed Battery Energy Storage System complex in that area.

Thanks,

Bill

Subject: Dixon Fire Department Environmental Analysis Questions

Hi Bill,

Thank you for returning my call yesterday morning. Here are a couple more questions for our environmental analysis regarding the Dixon Fire Department that require your input:

1. What are your response times from the station to the project site (SW corner of Kilkenny Rd. and Byrnes Rd.)?
2. What type of equipment/vehicles are housed at the responding station (205 Ford Way)?

Thanks again for your help!

Telephone Conversation Record

Call To: Kaylee (last name not provided)
Dispatch,
Solano County Sheriff's Office

Phone No.: 707-784-7000

Date: 7/30/2024

Call From: Hannah Marquez

Time: 10:30 am

Prepared By: Hannah Marquez

Subject: *Corby BESS Law Enforcement Response*

- Is Solano County Sheriff's Office the responding authority for law enforcement. **Yes**
 - Would you have the capacity to serve the project site for law enforcement purposes? **Yes, deputies will be able to response. Law enforcement specifically.**
 - Emergency response service as well? **The Sheriff's County dispatch number is the dispatch center for unincorporated Solano County, will dispatch Vacaville Fire or Dixon Fire.**
 - Which police station would be the responding station for the project site? **Office of the Deputy, 530 Union, Fairfield.**
 - What are the response times from this station to the project site? **It would depend, units are assigned to designated "beats", which changes often so units could be anywhere. Unable to give an estimate.**
 - Are there any planned expansions to the police department? **Unable to answer, didn't know who would know that.**

Telephone Conversation Record

Call To: Rose Morales,
Administrative Specialist,
Dixon Unified School District

Phone No.: 707-693-6300

Date: 7/23/2024

Call From: Hannah Marquez

Time: 12pm

Prepared By: Hannah Marquez

Subject: *Corby BESS School Impact Fees*

- First step is to contact Solano County called a School Form, Rose is not sure what exactly is asked, developer will go to DUSD after receiving form.
 - Once developer's fee is paid, then you take receipt to the County as confirmation
 - Form will have parcel number, address, parcel number, description of project, then the administrator will determine how much the developer fee will be
 - Can reach out to Rose directly once we receive the School Form from Solano County:
rmorales@dixonusd.org
-
