Re: Demand Forms

To: IEPR Staff Members

Burbank Water and Power has been a Participating Transmission Owner (PTO) with the Los Angeles Department of Water and Power (LADWP). Burbank Water and Power does not develop transmission on its own but within Southern California Public Power Authority and LADWP for any transmission assets. Transmission is obtained through long term transmission service agreements. Per the discussions and direction with the CEC, Burbank is not planning new transmission and therefore not submitting completed transmission forms for the 2024 IEPR.

Burbank Water and Power respectfully requests that the California Energy Commission accept this letter as fulfillment of the IEPR transmission data request. Please feel free to contact me should you have any questions.

Sincerely,

Anthony D'Aquila
