## **Resident of Laguna niguel**

I strongly oppose the batteries filled with lithium battery location and its strong potential as a dangerous fire hazard close to homes and schools and businesses in Laguna Niguel. What nutjob suggested placing this facility in an area Surrounded by acres of bushes and trees and dry vegetation: It can CAUSE A FIRE that will burn down our city!!

Have you lost your common sense and duty to ensure safety to the people living in Laguna Niguel?

Do you even care about the huge risk this poses?

If my house burns down I will start a class action lawsuit with other victims of any fire that could have been prevented by simply not passing this dangerous and stupid proposal.
