## **Big NO on BESS**

We the people of The City of Vacaville have already spoken against this with a resounding NO. Yet somehow , itâ€™s still listening with deaf ears. Throughout the world where these systems have been installed, has turned out to be a complete disaster. Fires that are nearly impossible to extinguish, toxic fumes and toxic fallout are inevitable.

Again, we do NOT want these BESS. The consequences are far too deadly. We the people have spoken. Again.
