Corby Battery Energy Storage System Project - Oppose (docket 24-OPT-05)

Hello, I oppose the Corby Battery Energy Storage System Project. I have a masters in environmental science and 15 year working in the field, and i am presently a healthcare professional with a business in Solano County, and I am a cancer survivor, I oppose this battery storage system project because it is proposed to be on 40 acres of prime agricultural land that will never be able to be used as agricultural land due to the damage from hazardous materials.
